PROFESSIONAL EXPERIENCE

Freelance Developer, Las Vegas, NV

October 2018 to Present

- Currently a freelance web developer responsible for designing/developing websites and web-based applications from small to large businesses.
- Used several types of CMS systems including WordPress, Shift4Shop, Shopify, and WebFlow.
- Developing many e-commerce websites for private companies seeking an online presence and assisting with online sales and reports.
- Designing and developing multiple small business websites for local companies around the nation.
- Meeting with prospective clients to review and gather the client's specifications for new or existing websites.
- Designing and implementing custom front-end using HTML5, CSS3, and JavaScript (REACT, NODE, and Web3.js)

Universal Banker, US Bank, Chicago, IL

September 2017 to October 2018

- Assisted other branches to cover short staffing, which led to achievements as a top producing banker in the district for 3 months in a row.
- Couch team members to develop sales opportunities and refer customers to designated business partners to meet branch and individual customer service and sales goals.
- Worked outside of position scope to assist the branch office with computer related issues, such as setting up new computer hardware and troubleshooting issues.

Consultant, International Infusion Advisors, Chicago, IL

June 2017 to August 2017

- Collaborated with independent contractors to develop websites.
- Developed and executed digital marketing plans/fundraising events which led to raising over \$100,000 dollars in the biopharmaceutical space.
- Performed administrative duties, including record keeping, documentation, and organizing processes.

Purchasing to Sales, CarMax, Torrance, Ca to Oak Lawn, IL

September 2013 to July 2016

- Performed beyond what was required to implement new policies for inventory management.
- Trained new associates on company policies and procedures, who went on to become managers.
- Worked with multiple locations using inventory management software for maintaining accurate record for over \$100 million in inventory.

Loss Prevention, Target, Manhattan Beach, CA

June 2010 to September 2013

- Collaborated with staff across all departments to develop policies for loss prevention team.
- Enforced safety practices and policies.
- Installation and troubleshooting security camera networks at 3 separate locations.
- Maintenance of inventory management software for accurate record for over \$100 million in inventory.
